

Was Probably True.
The Massini claim descent from the great Fabius Maximus of early Roman days, the originator of the "Fabian" policy of delay. There is an anecdote to the effect that Napoleon once asked a Massini in a rough and skeptical way if the story of his family origin were true. "I cannot prove it," answered the Roman noble, "but it is a tradition that has run in our family for more than two thousand years."

A New Kind of Waterproof Cloth.
A new kind of cloth is being made in Lyons from the down of ducks, geese and geese. Seven hundred and fifty grains of feathers make rather more than a squareyard of light and very warm waterproof cloth.

Paul O. Stensland's Subdivision.

NORTHWEST CORNER WESTERN AVENUE AND
IRVING PARK BOULEVARD (GRACELAND AVE.)

This beautiful subdivision, located as above, has many advantages which will recommend it to those seeking an investment. Its location is exceptionally fine from a sanitary standpoint, as the land is high and dry and easily drained. There is an abundance and great variety of trees upon the ground, many of which can be retained for ornamental purposes, adding greatly to the attractiveness of the land. The subdivision is only two blocks distant from the electric street-car line now in process of construction on Lincoln avenue, which when completed will carry passengers to the City Hall for a cent fare. At the present time the Graceland avenue and Roosevelt boulevard horse-car line comes within a short distance of the subdivision, and in the near future these and other lines of street-cars will be extended along Western avenue and Irving Park boulevard.
